The Fridge Checklist

Tick the boxes together, then put this where everyone will see it, somewhere near the takeout menus.

SET UP ONCE (ONE DINNER, MAYBE DESSERT)

- [ ] We picked a family safe word. (It is not written on this page. The fridge is not a vault.)
- [ ] Everyone who might get a panicked call knows the word, grandparents included.
- [ ] We have real phone numbers for each other, saved in our phones and written below.
- [ ] Our social media accounts are set to private.
- [ ] No AI tool or app has our bank username and password.
- [ ] We talked with the kids about which chatbots they use, and checked their privacy settings.

WHEN SOMEONE CALLS WITH AN EMERGENCY

- [ ] Slow down. A real emergency can wait two minutes.
- [ ] Hang up and call back on a number we already have.
- [ ] Ask for the safe word.
- [ ] Gift cards, crypto, a wire transfer, or a cash pickup? That's a scam.
- [ ] "Keep this a secret" means it's time to tell someone.

NEVER TYPE THESE INTO A CHATBOT
